Honorable Reginald B. Jones-Sawyer Sr.  
Honorable Mark Stone  
Co-Chairs  
Special Committee on the Office of Attorney General  
State Capitol  
Sacramento, CA 95814

Dear Assembly Members Jones-Sawyer and Stone:

The Los Angeles County Professional Peace Officers Association represents over 8900 law enforcement professionals from the offices of Los Angeles County Sheriff, the Los Angeles District Attorney and the Los Angeles County Coroner.

We are writing today to express our support for the nomination of Congressman Xavier Becerra for the office of Attorney General. Congressman Becerra brings a treasure trove of experience qualifying him for this office. In fact, he began his professional career as a Deputy Attorney General, before later serving with distinction in the California Legislature and, subsequent to that, in the House of Representatives for what is now twenty-two years.

His record has been characterized by a professional approach to public safety, employee-relations and retirement security issues. In all instances he has demonstrated accessibility and a willingness to receive input from concerned parties. We make particular note of his support of officer safety and retirement security issues while he was in Congress.

We would commend him to you for confirmation and we look forward to working collaboratively with Congressman Becerra when he assumes the office of Attorney General.

Sincerely,

Brian Moriguchi  
President

CC: Cindy Morante  
Secretary to the Special Committee on the Office of the Attorney General
